

**GILTECH**  
PRECISION CASTINGS

*Specializing in Non-Ferrous Casting  
and Machining since 1881*

## Casting

**Bronze Alloys we cast  
in sizes up to 250Kgs  
Include:**

- LLLG2
- AB2
- NiB
- MnB

**Other Metals Include:**

- Aluminium (CC601)  
Suitable for heat treating

## Some of the products we manufacture

- |  |  |
|--|--|
| <ul style="list-style-type: none"> <li>• ANZAC Frigate Componentry</li> <li>• Diaphragm Bodies</li> <li>• Electrical Fittings</li> <li>• Ferrules</li> <li>• Fire Fighting Fittings</li> <li>• Flanges</li> <li>• Gear Castings</li> <li>• Irrigation Componentry</li> <li>• Jet Boat Componentry</li> </ul> | <ul style="list-style-type: none"> <li>• Lighting Components</li> <li>• Manifold Bodies</li> <li>• Marine Valve Componentry</li> <li>• Pelton Buckets</li> <li>• Pump Components</li> <li>• Pump Housings</li> <li>• Valve Componentry</li> <li>• Water Meter Bodies</li> <li>• Worm Wheels</li> </ul> |
|--|--|

## Machining

**High Volume:**

Diedesheim AMII  
Rotary Transfer  
Machine

**Mid - Low Volume:**

- 4 Turning Centres
- 2 Machining Centres
- 8 Production Lathes
- 3 Production Mills
- 16 Bar lathes that can machine up to 40mm bar stock

**GLTECH**  
PRECISION CASTINGS

## What else can we do for you?

### **As well as ....**

- Casting
- Machining

### **We can arrange...**

- Heat Treating
- Melt Codes cast on each product
- Pattern Making
- Product Finishing eg, Polishing, Plating, Anodizing , Powder Coating
- Tensile and Non-destructive Testing
- Water Testing

### **We can take your product from a drawing through to the machined finished product...**

- We can send them anywhere in New Zealand or overseas.  
Over 60% of our production is exported.

**WE ARE GOOD AT DOING THESE THINGS ....**

**AND WE HAVE BEEN DOING THEM SINCE 1881**
